~ *A Day to Remember* ~

5-25-26

Memorial Day. All fishermen contemplate life when they are standing on the deck with a rod in their hands. The solitude that comes from the act of fishing is all encompassing. It soothes the soul and frees the mind. On this particular day, though, maybe it should also *reflect*. Maybe we should think about all of those who gave their lives so that we could do what we do. And maybe, we should say a little prayer for all of those who are serving their country and are willing to put their lives on the line when called to do so.

They are a special breed.
